# Bratislava and Vienna

## The history of Bratislava

Bratislava is the political, economic and cultural center of the Slovak Republic. It is the seat of the Presidential Palace, Congress and government of Slovakia. It also has several universities, museums, opera houses, art galleries and other important cultural and educational institutions[ 4]. Many of Slovakia's largest commercial and financial institutions are also headquartered in Bratislava

## The history Vienna

The history of Vienna can be traced back to the Neolithic era, and later the Roman Empire established a military camp here (located in the current city) to defend the Germanic tribes in the north. Later Vienna became an important trading post in the 11th century and the capital of the Babenberg dynasty in the 13th century. Vienna served as the capital and ruling center during the rule of the Habsburg dynasty. In the 19th century, it was the capital of the Austrian Empire and the Austro-Hungarian Empire, and gradually became one of the largest cities in Europe.
