Hello Alice!
Here are my answers:
1. How long have you been drawing?
I've loved to draw since childhood. When I had to choose my profession, I decided I'd be a designer. I entered and successfully graduated from The Novosibirsk State
University of Architecture.
During my 4-year education, I studied classical drawing, color science and composition. Later, I
returned to drawing and started painting at the age of 32, after which I moved to Prague. It turns out that for 13 years now I've

Conclusion

90% Report - I finished the entire report and I feel satisfied with the work I've done
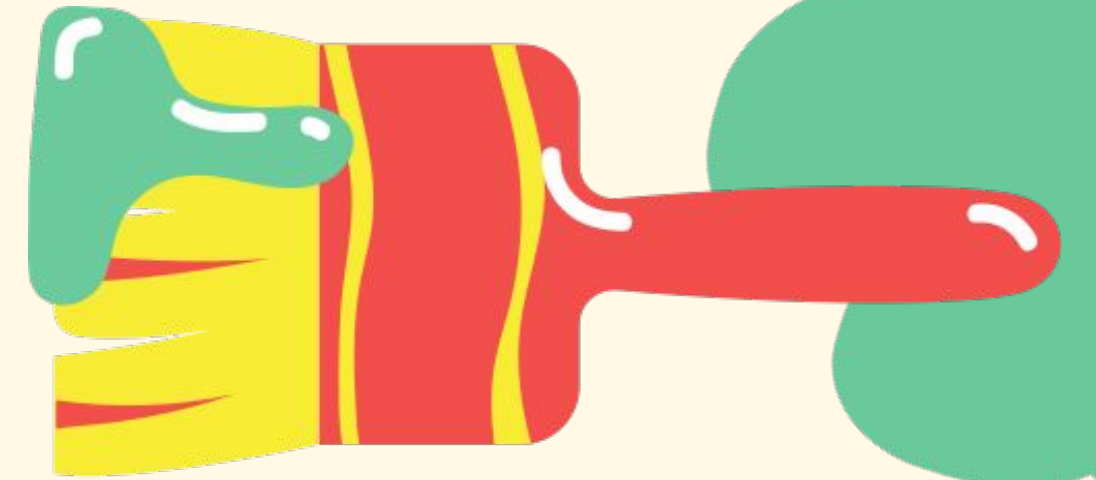

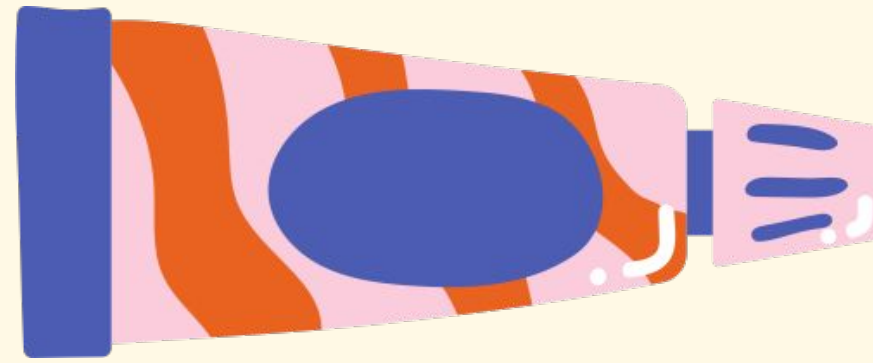

75% Product - I like my painting. Still, it is not perfect and many things can be improved

95% Audience review - Almost all the respondents said that they like my painting

THANK YOU
