

APPEASEMENT WILL ONLY BRING MORE WAR

4/11/1938

WE ARE CONTINUING TO SPOIL A SPOILED CHILD!

Nazi Germany's requests are getting bigger and bigger every year, and with war at our doorstep our government can do nothing but try to calm down the child that Germany is.

Agreeing with their requests will bring nothing but war, to find the solution we must look to the root of the problem, **WE MUST FIGHT GERMANY, NOT SPOIL IT WITH THE BLOOD OF OUR BROTHERS**

GERMANY WILL KEEP ASKING FOR MORE AND MORE

We have already seen firsthand in the Great War to which extents Germany can go, and now we can see it begin to happen once more, The German Reich has already remobilized the Rhineland one year ago, something prohibited by the treaty of Versailles which we have enforced upon them, and yet we didn't bat an eye, on March of this year Austria was annexed by the Reich and still we did nothing, now our government has willingly let the Reich take the Sudetenland, **WE MUST FIGHT GERMANY, NOT SPOIL IT WITH THE BLOOD OF OUR BROTHERS**

WE MUST FIGHT THE HUN

The policy to appease and to please the Nazis will only give them more time and resources to attack us, we must not stay silent while they conquer Europe, we must strike first and we must strike hard. We must not allow the Reich to prosper in Europe, **WE MUST FIGHT GERMANY, NOT SPOIL IT WITH THE BLOOD OF OUR BROTHERS**
